PROFILE

Motivated B.Sc. Computer Science student with a strong interest in cybersecurity and web application development. Proficient in Python and modern web technologies, with hands-on experience building responsive and secure applications.

I am passionate about learning how systems work and how to protect them from security threats. Currently seeking an internship opportunity to apply my technical skills, gain practical experience, and contribute to real-world projects.

EDUCATION

B.Sc Computer Science, 2023 – Present | Bharuch, Gujarat
Narmada College of Science and Commerce
Affiliated to Veer Narmad South Gujarat University.

SKILLS

Programing Language — Python, HTML5, CSS3, **Frontend** — ReactJs, Bootstrap, **Backend & Database** — Flask, SQLite , MongoDB , **Other Technologies** — Machine Learning, Tkinter

PROJECTS

Secure E-Commerce Web Application , 12/2025 – 03/2026
Internship Project

Summary:
Developed a secure full stack e-commerce platform enabling users to browse electronic items, manage carts, authenticate via login/signup, complete payments with OTP verification (3 attempts) , and generate invoices. Designed an admin dashboard to monitor users, transactions, and fraud detection.

Technologies Used:
Python | Flask | SQLite3 | HTML | CSS | JavaScript

Key Features:

- End-to-end user workflow: Home → Shop → Cart → Login/Signup → Dashboard → Payment → OTP → Invoice
- Admin login with credential authentication
- Real-time transaction tracking (successful, failed, pending)
- Fraud prediction system for anomaly detection
- Transaction analytics for user behavior and performance
